KONSTRUKTION

STRUCTURE

Die Haken der Garderobenelemente sind in einem 45° Raster drehbar. Die Position der Haken kann vor der Wand- oder Deckenmontage der Elemente eingestellt werden.  
Für die raumhohe Garderoben stehen standarmäßig verschiedene Bodenbefestigungen zur Auswahl: eine Moosgummischeibe oder eine Moosgummischeibe mit Dorn.

*The individual hooks of the SUMI coat storage elements pivot at a 45° angle. They are fixed in position before the elements are fitted to the wall or ceiling.  
The floor-to-ceiling coat stand is secured to the floor by a foam rubber disc or a foam rubber disc with a spike.*
